

Fixing, Loading and Maintenance Instructions BC123

Fixing

- This product is a soap dispenser.
- To fix this product to a wall you will firstly need to ascertain what type of wall it is.
- For brick walls please drill and fix the dispenser using wall plugs and screws.
- For dry walls please ensure that the product is fixed securely using screws and try and fix the product into a least one batten.
- For partitions, screw directly into the partition.

Loading

- The dispenser would have been open to fix it onto a wall.
- Pour the soap into the refillable container and close the soap dispenser which automatically locks it.

Maintenance

- The dispenser must be cleaned using a mild detergent solution and a clean cloth.
