Safe Zone™ R.T.U.

Disinfectant cleaner

Ready to use bactericidal disinfectant cleaner for treating hard surfaces, carpets & soft furnishings contaminated with potentially infectious soiling.

Passes EN 1276 under dirty conditions with a 30 second contact time.

Kills a range of pathogenic micro-organisms including M.R.S.A.

- Will remove general soiling & disinfect in one application.
- Helps to prevent cross contamination.
- Safe for use on carpets & all washable hard surfaces.
- Unperfumed formulation.
- Ideal for use in healthcare establishments or wherever there is a risk of infection.
- A microbiology profile available upon request.
- Available in a 5 litre bottle for extra economy.
- Approved for POLYFLOR flooring.

DISINFECTING & CLEANING HARD SURFACES:

Spray onto surface & wipe with a clean damp cloth or disposable paper towel.

TREATING & DISINFECTING CONTAMINATED AREAS:

Wear disposable gloves. Remove any soiling & dispose of safely. Spray surface & leave for 30 seconds. Spray further amount, wipe surface with a paper towel & dispose of safely.

To re-fill the trigger spray bottle add 25 ml of SAFE ZONE™ to 600 ml of cold water

USE DISINFECTANTS SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
