

# Cleaning & Disinfecting Wipes

**RAMON**  
**HYGIENE**

**Optima wipes** are designed for **cleaning** and **disinfecting** within **food manufacturing** and **food service** environments. **Optima wipes** are effective at **killing** food borne micro organisms making **surfaces** of food machinery, food processing and preparation areas **safe** in **60 seconds**.

Food Surfaces

CODE RH90  
OPTIMA SURFACE DISINFECTANT WIPES

Designed to clean and kill all bacteria on hard surfaces. Ideally suited to clean food preparation areas before and after use. Alcohol, Quat & PHMB free disinfection for the food & beverage industry.

Wipe Size: 19.5 x 20cm  
Case: 2 x 1000

CODE RH92  
OPTIMA SURFACE DISINFECTANT WIPES

Designed to clean and kill all bacteria on hard surfaces. Ideally suited to clean food preparation areas before and after use. Alcohol, Quat & PHMB free disinfection for the food & beverage industry.

Wipe Size: 19.5 x 20cm  
Case: 10 x 200

CODE RH94  
OPTIMA SANITISING PROBE WIPES

Designed to clean and sanitise food probes and kitchen utensils prior to contact with food stuffs, especially meats. Ideal for kitchens, carverys, delicatessens, mobile kitchens etc. Alcohol, Quat & PHMB free disinfection for the food & beverage industry.

Wipe Size: 13 x 12.5cm  
Case 10 x 200

For Hands

CODE PTX93  
PAL TX HAND SANITISING WIPES

Designed for cleaning and sanitising hands within work environments. The wipes will kill most micro organisms such as bacteria, yeast and viruses.

Wipe Size: 19.5 x 20cm  
Case: 10 x 150

Sensitive Surfaces

CODE PT81  
PALTECH GLASS, TILE & STAINLESS STEEL WIPES

Removes grease and grime from Glass, Tile and Stainless Steel. They are very low linting and the solution leaves surfaces streak free.

Wipe Size: 30 x 30cm  
Case: 6 x 200

**PALTECH wipes** are designed for use within industrial environments where **advanced hygiene** and fast, effective **cleaning** and **disinfection** is needed. The range includes products that are suitable for use on **hard surfaces** and some products that are **safe on hands** for the removal of uncured silicone, paint, grime and other tough substances.

Antibacterial For Surfaces

CODE PT95  
PALTECH MULTI SURFACE WIPES

Small & compact for easy storage and for less heavy duty cleaning of office equipment such as VDU's & telephones and PPE such as face masks.

Wipe size: 13 x 16cm  
Case 10 x 100

Antibacterial For Hands & Surfaces

CODE PT97  
PALTECH ANTIBACTERIAL WIPES

For the removal of grease and dirt from both hands and surfaces. The specially developed formula is kind on skin, containing moisturisers and vitamin E. Also contains a surfactant to help lift dirt.

Wipe Size: 19.5 x 20.5cm  
Case: 10 x 200

CODE PT82  
PALTECH ABRASIVE ANTIBACTERIAL WIPES

For the removal of dried-on grease and dirt from both hands and surfaces. The specially developed formula is kind on skin, containing moisturisers and vitamin E, and works in coalition with power wipe technology to aid in the removal of dirt

Wipe Size: 30 x 20cm  
Case: 6 x 150

Cleaning Surfaces

CODE PT96  
PALTECH CLEANING AND DEGREASING WIPES

Designed to remove grease and dirt from a wide range of surfaces. This product contains an innovative solution with a high solvency power making it highly effective against hydrocarbons, oils, paints etc.

Wipe Size: 25 x 28cm  
Case: 4 x 200

Dry Industrial Cloths

CODE PT80  
PALTECH DRY CLOTHS

PalTech dry cloths are designed to absorb liquids and wipe clean wet surfaces. The cloth can hold up to 4 times its own weight and is great for buffing surfaces.

Wipe Size: 30 x 30cm  
Case 8 x 150

Non Tritex wipe

Weak  
High Linting

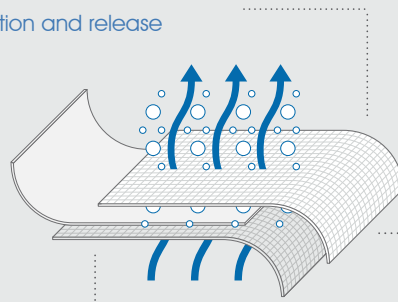

Tritex wipe

Strong  
Ultra Low Linting

**Microfibre internal structure**

aids in controlled solution retention and release

3 layers of polypropylene  
for strength in all directions

**Strong synthetic fibres**  
making the material  
ultra low linting

## Key benefits

**Excellent Solution Retention**

Ensures an even wetness of liquid throughout the whole wipe. Prevents liquid from pooling at the bottom of the wipe container.

**High Strength**

Stronger in both directions than most wipe materials. Reduced risk of snagging and tearing when wiping irregular surfaces and equipment.

**Excellent Solution Release**

Liquid release is controlled and even across the surface when wiping. Active wipe ingredients are transferred to the surface, not held in the wipe.

**Ultra Low Linting**

No loose fibres left on the surface after wiping. Greatly reduces the risk of contamination on sensitive surfaces and equipment.

**CODE X49110**  
**2 LITRE WIPE DISPENSER BRACKETS**

Cost effective method of wall mounting wipes for ease of access and storage. Compatible with RH92, PTX93 & PT97 wipes.

Case: 5
